

IORANA-ANA

A DAY IN THE LIFE OF ANN EDMUNDS SCIENCE DPT. ADMINISTRATOR

IORANA! THIS IS ANN EDMUNDS AND SHE WORKS IN ADMINISTRATION IN THE SCIENCE DEPARTMENT

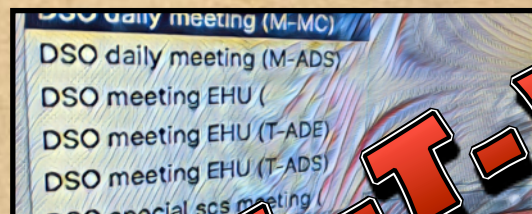

ANN MAKES SURE THAT EVERYTHING WORKS PERFECTLY IN THIS DEPARTMENT...

OH, YES I DO!

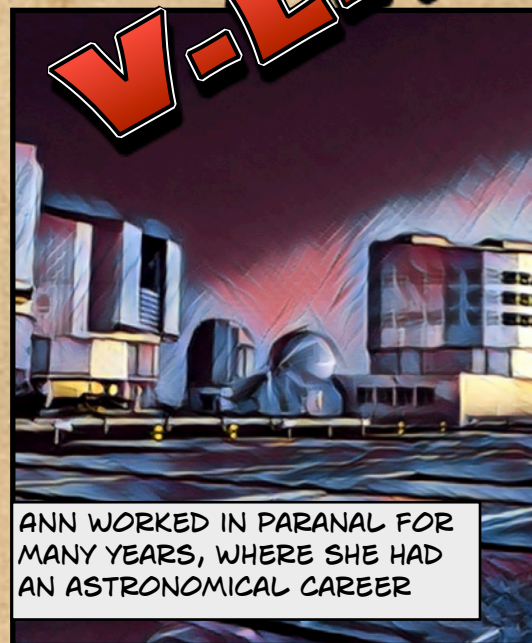

FROM COORDINATING TRAVEL ITINERARIES OF THE ASTRONOMERS TO RESERVING MEETING ROOMS

V-L-T-!!

WITHOUT ANN, THE SCIENCE DEPARTMENT WOULD BE A TRUE BLACK HOLE!

ANN WORKED IN PARANAL FOR MANY YEARS, WHERE SHE HAD AN ASTRONOMICAL CAREER

ANN IS FROM EASTER ISLAND!

THE DRIVING FORCE BEHIND ANN EVERY DAY IS HER DAUGHTER (WHO CAN BE SPOTTED IN HER OFFICE). BUT THERE IS SOMETHING FEW PEOPLE KNOW!

HOLA MA

HER COUSINS ON THE ISLAND STILL FISH TRADITIONALLY BY OBSERVING THE SKY...

ANN WAS THERE FOR THE MYTHICAL TOTAL ECLIPSE ON JULY 11, 2010 AT 2:08 PM

...BY FOLLOWING THE STARS AND MAKE-MAKE, THE DWARF PLANET IN THE BELT OF KUIPER (NAMED AFTER THE EASTER ISLAND GOD)

BUT I DIDN'T SEE ANYTHING

WHEREVER SHE IS, YOU CAN SPOT ANN OUT BY HER CONTAGIOUS SMILE. EVERYBODY LOVES HER! AS YOU CAN TELL FROM THOUSANDS OF DETAILS IN HER OFFICE

MY ISLAND IS ALSO CALLED "MATA KI TE RANGI" OR "THE EYES THAT LOOK AT THE SKY"... VERY APPROPRIATE, MY DEAR!
