

RADIO-HEAD!

A DAY IN THE LIFE OF JOSÉ GALLARDO - ASTRONOMER

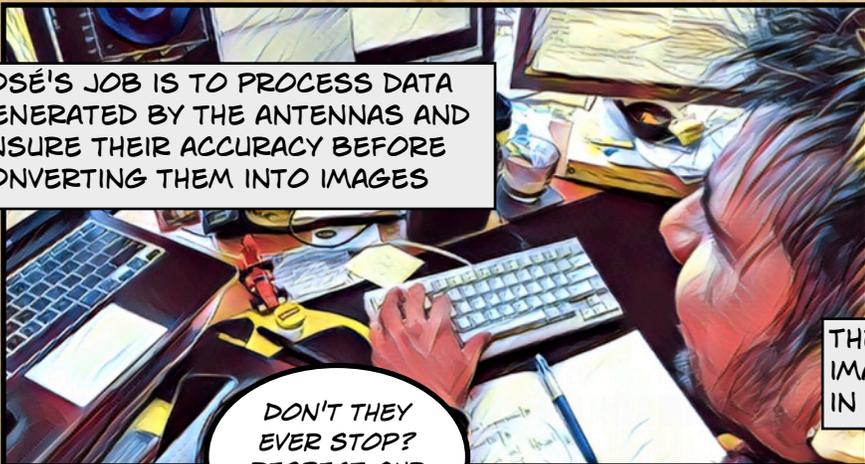

THIS IS JOSÉ GALLARDO, ONE OF THE ASTRONOMERS RESPONSIBLE FOR PROCESSING SCIENTIFIC DATA AT ALMA

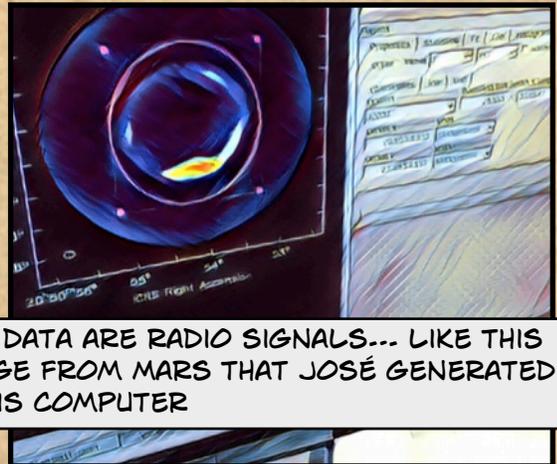

NO! SORRY! THIS IS JOSÉ GALLARDO, RESPONSIBLE FOR PROCESSING SCIENTIFIC DATA AT ALMA!

WELCOME TO MY OFFICE! CLEARLY THE COOLEST ONE AT THE OBSERVATORY

JOSÉ'S JOB IS TO PROCESS DATA GENERATED BY THE ANTENNAS AND ENSURE THEIR ACCURACY BEFORE CONVERTING THEM INTO IMAGES

DON'T THEY EVER STOP? RESPECT OUR PRIVACY!

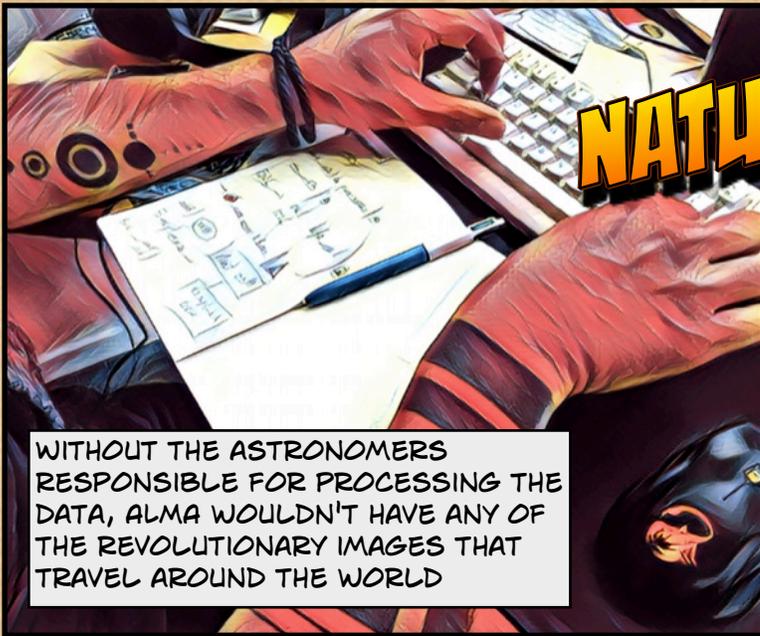

THE DATA ARE RADIO SIGNALS... LIKE THIS IMAGE FROM MARS THAT JOSÉ GENERATED IN HIS COMPUTER

THIS IS WHY THEY SAY THAT YOU HAVE TO BE A RADIO-HEAD FREAK TO WORK AT ALMA

OH NO... IT'S "CREEP" AGAIN

NATURAL COMMUNICATOR

WITHOUT THE ASTRONOMERS RESPONSIBLE FOR PROCESSING THE DATA, ALMA WOULDN'T HAVE ANY OF THE REVOLUTIONARY IMAGES THAT TRAVEL AROUND THE WORLD

BUT JOSÉ ALSO HAS A SPECIAL AFFINITY FOR PEOPLE...

...AND HE TAKES CARE TO COMMUNICATE THE WONDERS OF THE UNIVERSE WITH EVERYONE WILLING TO LISTEN!

I GET INTERVIEWED MORE THAN ANY ROCK STAR IN THE GALAXY... IT'S OKAY TO BE JEALOUS

HE HAS TRAVELED AROUND CHILE REPRESENTING OUR OBSERVATORY AND MAKES EVEN THE MOST COMPLICATED ASPECTS ENTERTAINING

EVEN HYPER-EXTREME COMMUNITIES HAVE ATTENDED TALKS GIVEN BY THIS ASTRONOMER OVER SKYPE

IT'S EASY TO SPOT OUT JOSÉ IN THE HALLS OF ALMA... ALWAYS WITH A SMILE ON HIS FACE, A LITTLE PUNK, SINGING AND MAKING EVERYONE LAUGH
